

# Comparison Chart of Carcam-SD Key Advantages

<p align="center"><b>Have you seen similar "Apple to Apple" car camera at a lower price? Please compare these key elements to make sure you get what you paid for.</b></p>		
Brand/Model	SecurityMan / Carcam-SD	Other Brands
<b>MSRP</b>	<b>\$99.99</b>	<b>\$39.99 - \$349.99</b>
G-Sensor (Impact Sensor)	Yes. Lock and save recorded file clips when impact/accident occurs ( <b>required by CA state</b> ).	Most cheaper models do not have G-Sensor (no impact sensing recording feature) or file lock mechanism.
High Definition Resolution	1080P(FHD) & 720P	Some cheaper models are 720P or 480P
LCD Screen	1.5" (For instant playback)	Some cheaper models have no LCD screen.
Screen Saver Sleep Mode	Yes, it has 30-sec Sleep Mode feature ( <b>avoid illegal driving-and-watching at the same time</b> ).	Mostly, 99% no Sleep Mode if it has LCD screen.
Mounting Bracket	1. Very short for compliance of CA DMV code. 2. Up/down/left/right adjustable bracket.	1. Some with long gooseneck or longer types of brackets are difficult to comply with CA DMV code. 2. Some with up/down adjustments only, not good for left or right side windshield installation as specified by CA state law beside center/top area.
Cigarette Lighter Power Cable	10ft in length. Flexible for installing on different spot (left/bottom corner, top/center, or right/bottom corner) and for different size of vehicle.	Mostly, 99% come with 6ft only. Not long enough for certain installing spot or larger vehicle.
Microphone & Speaker	Yes	Most cheaper models do not have microphone & speaker.
Rechargeable Battery	Yes, up to 1 hr recording time. Good for temporary recording when parking in a shopping center and etc.	Some cheaper models do not come with rechargeable battery.
Passenger Warning Stickers	Yes, includes 2pcs of passenger warning stickers. <b>It is required by law to notify passengers</b> by putting on warning notice on any obvious positions in a vehicle.	99% models do not include passenger warning notice stickers.
HDMI interface	Yes, it is for high resolution output to a bigger monitor.	Some cheaper models do not have HDMI output interface.
California Law Compliance (Largest state and toughest DMV code)	Yes. It is well designed for CA state and most other states in the USA.	In most cases, they are not. There are no G-Sensor built-in, no screen saver sleep mode, no passenger warning notice stickers, no proper mounting bracket design, and no proper installation instructions to avoid possible ticket from police.
