

Mini HD Car Camera Recorder

Built-in Impact Sensor

SecurityMan is proud to present its latest car camera model, the **CARCAM-SDEII**, an easy-to-use high definition (1080P Full HD) car camera recorder with a 1.5" LCD display and impact sensing recording. It records both audio and video with time & date stamps which can be used to pinpoint exactly when an event occurred. Maximizing its functionality, such as 1080P resolution and zoom capabilities, while providing a budget-friendly cost, the **CARCAM-SDEII** is perfect for any motorists. The recorded evidence will prove useful for the driver and the auto insurance company if there are any legal complications.

Features:

- HD video quality and real time recording (30fps)
- Auto recording, video motion detection recording, and manual recording (video or snapshot) modes
- Smart impact sensing recording (non-over writable video) and locks up current and post impact sensing video clips
