

# Micro HD Car Camera Recorder

## Built-in Impact Sensor

The SecurityMan **CARCAMMICRO™** is a compact, easy-to-use high-definition car cam recorder with a 1.5" LCD display and impact sensing recording making it a wonderful accessory for a car or truck. It records both audio and video with time & date stamp which can be used to pinpoint exactly when an event occurred. The events are recorded to a Micro SD card which can be submitted to your auto insurance company as evidence if there are any legal complications during an insurance claim. The **CARCAMMICRO™** is budget friendly and perfect for all motorists.

### Features:

- HD video quality and real time recording (30fps)
- Auto recording, video motion detection recording, and manual recording (video or snapshot) modes
- Smart impact sensing recording (non-over writable video) and locks current and post impact sensing video clips
- Records up to 168 total minutes at 1080FHD on a 32GB micro SD (not included)
- Auto overwrite when SD is full (for regular recording)
- Built-in microphone and speaker
- 120 degree wide angle lens
- Has zoom capabilities up to 4x original view
- Records 30-second, 3-min, or 5-min continuous video clips
- Built-in rechargeable battery for up to 40 minutes of usage (recording)

### Package Contents:

- Vehicle camera recorder
- Suction cup mounting bracket (Adjustable)
- Two warning stickers
- Cigarette lighter power cable (10ft)
- USB cable
- User's manual
