

SM-60DT

Add-on 2.4GHz digital wireless camera w/PIR, audio, speaker, and night vision (for DigiAir-SD)

Note: Please see DigiAir-SD manual for detailed instructions on how to pair SM-60DT camera to SM-60DR digital receiver.

Features:

- Weatherproof camera with PIR motion sensor
- 2-way audio communication between camera and receiver
- Wireless transmission up to 130ft with walls in between
- No Wi-Fi interference and interference from crowded analog 900MHz/2.4GHz/5.8GHz/6.0GHz devices
- Digital signal, worry free of interception by neighbor with wireless device(s)
- Camera built-in infrared LEDs for night vision up to 50ft (B/W)
- Supports 4 channels (CH1 - CH4)
- Works with SM-60DR receiver
- For examples: 1 x SM-60DT cameras and 1 x SM-60DR receiver (switching one at a time) or 4 x SM-60DT cameras and 4 x SM-60DR receivers (for all four cameras recording at the same time)

Specifications:

- Image Sensor: 1/4" CMOS Color
- Resolution: 640 x 480 pixels
- View Angle: 60 degree
- Weatherproof Rating: IP33
- Night Vision Range: Up to 50ft / 15m (B/W); Microphone built-in (audio monitoring up to 20ft)
- Speaker: Built-in (92±33 db)
- PIR Motion Sensor: Detection up to 20 ft
- Audio: Detection angles: 45 degree (horizontal), 35 degree (vertical)
- Power Supply/Consumption: AC100v-240v DC 12V 500mA/ 270 mA (Max)
- Dimensions: 4.33" x 2.95" x 3.23"

Product Content:

- 1 x SM-60DT (camera) with antenna
- 1 x Camera mounting bracket & screws(3)
- 1 x Power adapter
